DEPUTY COMMISSIONER'S OFFICE,
MYSORE DISTRICT,

Dated Mysore 10th April 1895.

From

A. Ramasami Sengar Sagar
Deputy Commissioner,
Mysore District.

The Chief Secretary to the Dewan of Mysore,

SIR,

With reference to your docket's noted
in the margin and subsequent reminders
therein, in regard to the levy of contribu-
tions on works costing over Rs. 20,000,
I have the honor to state that replies
are awaited from the Sub Division
Officer, French Rocks, and reminders
have been issued. On receipt of in-
formation the references will be
disposed of. Copy of last letter to
Sub Division Officer is enclosed.

I have the honor to be
Sir,

Your obedient Servant.

A. Ramasami Sengar Sagar
Deputy Commissioner,
Mysore District.

French Rocks.

Dated 3rd April 1893.

No. 557.

Referring to No. 553 of the 3rd March
last, requesting to quote the No. and
date of Communication in regard to
the levy of contributions for works
costing over Rs. 20,000.-

In reply has the honor to state as
follows:-

Dr. K. K. Sankar
in the Malabar
District.

2. The levy of contribution @ Rs. 10
per acre, recoverable in three annual
installments has been approved by
Government as per orders conveyed in
D. P. M. Secretary's letter No. $\frac{5324}{502}$ of the
20th December 1889. This was communi-
cated to the Sub Division Officer in this
office No. 551 dated 29th Idem.

Improving and
extending Malabar
Channel from left
bank of Kuma:
Note.

3. The final orders of Government
regarding the recovery of an acreage
contribution

Contribution of Rs 20 per acre as well
as of Rs 25 being annual
maintenance charge due by the
Shri Parasaiaswami Math as
contained in Government Order
No $\frac{725-1}{120}$ of the 15th December
1889 has been communicated
to the Sub Division Officer
in this office under No 500 of the
31st December 1889.

4. For the above, references are
being turned up and the required
information will be furnished
if available. In the meantime
the Sub Division Officer is re-
quested to put himself in com-
munication with the Amildars
of Malwaik and Mandya about
the Parasaiaswami Channel extension
and the repairs of Madam Sri
Channel, respectively and report

result

Recd without delay as two reminders
on the subject have been received
from the Chief Secretary. Previous
papers on the subject are enclosed
for reference and return.

Bangalore

SIR,

With reference to your letter to
21048
2524 of the 17th June last, in regard to the
a contribution on the works of improving
Mudumbeir Channels in which an
outlay of about Rupees 6000 was incurred
by Government, I have the honor to report
that the French Rocks Sub-Division officer
in his letter No 363 of the 8th Instant,
reports that no contribution was ordered to
at the time of sanctioning these projects.
The General Engineer, Mysore Division
has replied, to the same effect.

MYSORE P. W. DEPARTMENT

Camp No. 28

Cheerappana
Bangalore, 12th Aug 1895.

From

Colonel B. Bowen
The Chief Engineer of Mysore,
Bangalore.

To

The Chief Secretary to the Dewan

SIR,

7

With reference to Mysore No. 5590
dated 20th September 1894, regarding
whether the Mysore Deputy Commissioner's
reply to the effect that no contribution
was ordered at the time of sanctioning
the project for improving the Maddur
and Channarayana may be accepted as a
sufficient ground for the usual
average contribution not having been
received - I have the honor to inform
you that no contribution was ordered
in this case, as the first project of
Rs 41,000 was sanctioned in April 1894
or before the issue of Government
Proceedings No. 1892-95 dated 1st Dec
under which average contribution
is leviable for all irrigation works
costing over Rs 25,000, but as the

was in hand at the time ^{of} the above
Proceedings were issued, & the Exits.

Project of No 59722 examined by a
Government in December, 92, there is
no reason why the usual average
Contribution should not be levied
in this case. It is distinctly laid
down in the Concluding para of
the Proceedings that the rules as
regards the levy of average Contribution
"Shall at once be brought into
Operation in regard to all works
now in hand of the description
specified."

2. The Executive Engineer and the
Divisional Engineer report that there should
be no difficulty in recovering the
average Contribution even now, &
inasmuch as all the lands that
are intended to be connected into
the main canal have not yet been brought
under irrigation. The project
provided for connecting into the
400 acres of dry or waste lands
under the Anis Channel, and also
at acres under Kimmor Channel;
but

less so far as that Office is aware,
only about 400 acres out of them are
now irrigated. The Revenue
Department will be able to furnish
correct information on this point.

Yours truly
J. H. H.
